October 2015

Volume 1/Issue 4

Pecan Cobbler

1 ½ cups Brown Sugar
½ Cup of Butter
1 pkg White Cake Mix
1 Cup Pecans
1 ¾ cups Hot Water

Preheat oven to 350. In a 9x13 pan melt butter in oven, then spread pecans over butter. Spread dry cake mix evenly over pecans (do not stir), spread brown sugar over cake mix, pour hot water over mixture, do not stir. Bake 25-30 minutes – serve with Ice Cream.

Easy Cheese Ball

2 (8-oz) pkgs. cream cheese, softened
¼ cup mayonnaise
⅓ cup grated parmesan cheese
½ cup cheddar cheese
¼ cup chopped green onions
½ tsp. Worcestershire sauce
¼ tsp. garlic powder
1 cup sliced almonds, chopped

1. Combine cream cheese and mayonnaise until smooth.
2. Add in parmesan cheese, cheddar cheese, green onions, Worcestershire sauce and garlic powder. Stir together until combined.
3. Pour chopped almonds onto plastic wrap and then roll cheese ball in almonds. Roll up into plastic wrap and refrigerate.
4. Unwrap and place on a plate. Serve with crackers and devour. Enjoy!

We are pleased to announce that Dan Barfield has joined the firm. Dan has been practicing law since 1995. Dan is also licensed in Illinois. Dan and his wife, Cynthia, have two boys. He is also the treasurer of the St. John's Men's Club.

Since this is the last newsletter of the year, we want to say Happy Halloween, Happy Thanksgiving, and of course, Merry Christmas! We hope you enjoy the refrigerator notepad we have included through the upcoming year.

Susan Gainey Odooyo tried a slip and fall case in the Vanderburgh County Superior Court. We are proud that she received a positive verdict for our client. We always hope that insurance companies will offer our clients a fair settlement before court, but in situations like this the insurance companies know we will do whatever it takes for our clients.

Rich Hawley has been asked to be a judge in the University of Evansville Changemaker Challenge. The Changemaker Challenge is a program that invites UE students to come up with creative solutions for improving Evansville. Students will form teams and create a video in which they outline an issue and how they plan to address it. A panel of judges, which includes the Mayor and the University President, will select finalists, and those finalists will pitch their ideas in person on Oct. 29. The top-three teams will win seed money to help implement their ideas.

We had charity contests on Facebook in July and August. Our winners were Hadi Shriner's Transportation Fund and PAAWS – No-Kill Animal Rescue on winning. Thanks to our Facebook fans for the support. Follow our Facebook page for upcoming charitable events and other important information.

Things You Need to Know

Med Pay Lien

Health Insurance Liens

When you have been injured in an accident and incur medical bills, insurance providers will often file a lien to recover their costs.

When recovering damages from an accident, most times the insurance company, who pays the medical provider for services, is entitled to be repaid when the claim is paid.

The attorneys at Robert John and Associates can help you make sure that everything that is listed on the lien is related to the injuries sustained in the accident, as well as, negotiate the amounts of the liens.

Recent Recalls Because of Potential Dangers

- Zak Designs Water Bottles sold at Target
- The Land of Nod Crib Mobiles sold online and retailers
- Touchless Kitchen Faucets by Lota sold at Home Depot
- Rite Aid Outdoor dining sets with folding chairs, table, and umbrella
- Cannondale Mountain Bicycles with OPI stem/steering tubes
- 2014 Huffy Bicycles with front disc brakes
- 2015 Trek Superfly Bicycles (seat post can crack)

Claims that Could Affect You

Testosterone Replacement Therapy (TRT) products for men have been linked to an increased risk of death, heart attack, stroke, or death after three years of use. A second study found that men had a significant increase in risk of heart attack and stroke in just the first 90 days of testosterone therapy use.

Fosamax – manufactured by Merck, is in a class of drugs called bisphosphonates. Fosamax is commonly used in tablet form to prevent and treat osteoporosis in post-menopausal women. Fosamax has been linked to low-energy femur fractures in people taking Fosamax for three or more years.

Metal on Metal Hip Replacements – hip replacement manufacturers have been under heavy scrutiny over the past few years regarding the dangers of their metal on metal hip devices. The main hip devices under scrutiny are:

- Johnson & Johnson/DePuy: ASR Total Hip Replacement and ASR Resurfacing System hip
- Johnson & Johnson: Pinnacle metal on metal hip
- Zimmer: Durom Cup hip
- Stryker: Rejuvenate and ABG II Stems
- Biomet: M2a and 30 Diameter hips
- Wright: (a) Conserve, (b) Dynasty, (c) Lineage and (d) Profemur hips; and
- Smith & Nephew: R3 Liner hips

Metal on Metal hip patients' problems include pain, swelling, and problems walking. This can result in a revision surgery. Also, metal debris spreading in the hip area has been reported.

An injury can be an emotional and overwhelming time for your family. Attorneys at Robert John & Associates are here to help. Let us fight for your rights!

You Are Why We Do What We Do – Thanks for Trusting Us
